

2019 GRI Content Index

This Global Reporting Initiative (GRI) Content Index describes where to find information on GRI indicators disclosed in our reports and website. The index takes as its reference point the core option of the GRI Standards.

The scope of this content index includes assets over which Methanex has direct or part ownership and full operational control. In the case of our wholly owned subsidiary Waterfront Shipping Ltd., our reporting boundary includes time- or spot-chartered vessels to the extent that Waterfront has commercial control through charter party contracts.
