

STAKEHOLDER RELATIONS POLICY STATEMENT

We strive to be a respected and trusted community partner and valued corporate citizen. We seek to understand and are committed to being accountable and responsive to the interests, issues, needs and concerns of our stakeholders. This commitment supports the long-term sustainability of our business and our communities.

Informed by Methanex's Core Values of Trust, Respect, Integrity and Professionalism and our industry commitment to the Responsible Care® Ethic and Principles for Sustainability, we proactively engage with and aim to build positive, inclusive relationships based on transparency, mutual respect and trust with all of our key stakeholders. These include employees, customers, supply chain and other business partners, local communities, Indigenous Communities, investors, governments, regulators, non-governmental organizations, media and the general public. This Policy sets out our commitments to our external stakeholders, and our Diversity & Inclusion Policy and Human Rights Policy set out our commitments to employees to create a safe, respectful and inclusive workplace and to uphold human rights.

Social Responsibility

In addition to creating jobs and economic opportunities, we seek to invest in and create positive and sustainable impacts in those regions where we have a significant presence to build and support healthy communities that are great places to live and work.

Community Relations

We will maintain a Community Dialogue program in all Methanex operating regions to ensure responsive and proactive communication and dialogue with our communities that provides information regarding our products, processes, risks and risk management and social impacts, among other topics, and an effective process to address any questions or concerns. We are committed to ensuring our Community Dialogue program is inclusive of underrepresented groups within our communities and enables an environment of trust and belonging to facilitate effective communication that is respectful of the unique needs of individuals from these groups.

Indigenous Communities

We are committed to proactively identifying and engaging with Indigenous Communities within our communities out of respect for their unique history, culture, and rights, including their traditional lands, and in keeping with the principles of the United Nations Declaration of Rights of Indigenous Peoples as well as the specific governing treaties of regions where we operate. We are committed to developing and maintaining working relationships to enable

MANAGE STAKEHOLDER RELATIONS

effective communications, dialogue and response to questions, suggestions or concerns expressed so they are addressed in a timely and respectful manner.

Customers & Supply Chain Partner Relations

We are dedicated to fostering strong, professional, trusting relationships with customers and delivering world class service to become our customers' preferred supplier of methanol. We are committed to promoting the responsible stewardship of our product with all stakeholders in our supply chain and beyond.

Investor Relations

We believe in the importance of open and constructive communications with our shareholders to encourage dialogue and the exchange of ideas. We promote open and sustained dialogue with our shareholders in a manner consistent with our Corporate Disclosure Policy and our obligation to maintain effective disclosure controls and procedures under securities laws and regulations.

Government & Regulatory Relations

We will proactively engage with public policy officials to share information about our company and our industry to build awareness and understanding about our product and our business. Environmental, social, and governance reporting to local authorities and other stakeholders will be clear and transparent against the goals we have established for the Company and to meet regulatory requirements.
